

# Kyra Edwards

Kyra Edwards began working at Cornerstone Childcare Center in 2019 and then left in 2020 to try California. She returned in April 2021 to be a teacher with Toddlers.

Kyra is attending Barton County Community College to earn her bachelor's degree in science with emphasis in health and nutrition.

Kyra grew up in Lyons until she was 3 years old, then moved to Olathe to be closer to the Children's Mercy Hospital for her little sister. She lived in Olathe until she was 17, then spent a couple years in California and Nevada before moving back to Lyons. Most of her family is from Lyons. She does not have a big family but that makes them even closer. She recently got a shorkie puppy and loves watching him grow up.

In her spare time, Kyra likes to exercise, do yoga, and go on road trips. An interesting fact about Kyra is she was in gymnastics for 10 years and she jumped off the tallest building in Las Vegas!

When asked what her most rewarding accomplishment is, she responds with "working here at Cornerstone and being able to make a difference in the children's lives, as they have greatly impacted mine!".

Kyra's dream vacation is to go to Northwestern Europe. She took a DNA test that says she is 99.7% Northwestern European so she would love to see where she came from. She loves mangoes. She loves the color indigo! And her favorite candy is sour gummy bears.
